

Oil & Gas, Marine, Mining & Industrial Engineering - Fabrication – Construction

DETAIL DRAWING SERVICES

Beside on our main scope on EPC (Engineering Procurement and Construction), we also provide your requirement on Detailed Drawing to easier your fabrication and installation process.

FAST DETAILED MONITORING

OUR FACILITY TO SATISFY YOUR REQUIREMENT :

1. Skilled drafter is 20 person
to full fill your requirement capacity regarding with detailed drawing
2. Software : Tekla Structure, Staad pro v8i, Pro Steel v8i, Ram connection v8i, and Auto cad also flexible, depend on type of costumer's software used.
3. Data base of AUSTRALIAN, AMERICAN, AND JAPANESE, etc of profile section material to speed up drawing process base on costumer requirement
