SENORO PROJECT

JOB PERTAMINA MEDCO E&P TOMORI

TRIPATRA - LINTECH

PT.Lintech Duta Pratama dengan bangga mengumumkan penerimaan order untuk Intalasi Piping underground untuk PT. Tripatra untuk SENORO Gas Development Project.

Total volume pekerjaan Instalasi pipa underground lebih dari 8000 diameter inch, Dan masih dalam proses tender untuk penambahan quantity DI untuk underground. Diperkirakan juga untuk pekerjaan pipa (carbon) aboveground akan masuk dalam scope pekerjaan PT. Lintech di order berikutnya.

PT.Lintech mendapatkan paket Instalasi pipa underground berikut proses survey untuk posisi penggalian, coating, wrapping, sampai ke hydrotest & Flushing. Semua tool & Heavy Equipment akan disiapkan oleh PT. Lintech. Area yang menjadi scope PT. Lintech adalah area CPP (Central Processing Plant) sampai area jetty (Pipeline).

“PT.Lintech sangat bangga dengan proyek instalasi pipa carbon ini, saya harapkan akan semakin mempererat hubungan Tripatra dan Lintech di waktu mendatang dan akan menjadi pemicu bagi proyek-proyek Construction / Installation Oil and Gas untuk dikerjakan oleh PT. Lintech” ujar Bapak Nurul Amin Kahir, Technical Director PT.Lintech.

Schedule penyelesaian untuk Instalasi pipa carbon di tahap pertama ini sekitar akhir mei 2014. Insha Allah.
